A designer can use default text to simulate what text would look like. It looks even better with you using this text. Whoever evaluates your text cannot evaluate the way you write. Your design looks awesome by the way.

YOUR COMPANY NAME

An aerial, high-angle photograph of a dense urban skyline, likely New York City. The Empire State Building stands prominently in the center, its spire reaching towards a cloudy sky. The surrounding area is filled with numerous other skyscrapers and buildings of varying heights, creating a complex, textured landscape. The image has a slightly desaturated, blue-grey tint, giving it a modern, architectural feel. A large, solid red rectangular block is positioned on the right side of the image, containing the chapter title in white text.

CHAPTER ONE

This text will not appear in a consistent order. Using default text is a simple way to create the appearance of content without having to create it. Humans are creative beings. If it is not real text, they will focus on the design.
