

The background features a woman's profile in grayscale, her mouth open in a shout or gasp. Her head is partially transparent, revealing a complex, metallic, and circuit-like interior structure. The entire scene is set against a dark background with a network of white lines and dots, some of which are highlighted with orange dots. A large white circle frames the central text.

A black and white artistic photograph of a woman's profile, facing left. Her head is replaced by a complex, metallic, and futuristic robotic structure with various pipes, wires, and mechanical components. A large, thin white circle is superimposed over the center of the image, partially covering the woman's face and the robotic head. Inside this circle, the word "THANKS" is written in a bold, yellow, sans-serif font. The background is dark and features a network of white lines and dots, resembling a digital or neural network. Several orange dots are also scattered along the white circle and the background lines.
